

**FOR THE
MILESTONES**

AND MINOR VICTORIES

COMMUNITY GRANTS

OVERVIEW

By collaborating with HIV organizations, ViiV Healthcare's **community grants** support community-based programming through **Community Education and Services Grants**.

ELIGIBILITY

Community organizations that are registered Canadian Charities (including AIDS Service Organizations).

CRITERIA

All community grants must:

- Focus on the HIV testing, prevention, or cascade of care
- Contain a carefully articulated budget
- Be implemented in Canada only
- Contain strong program evaluation and a focus on knowledge transfer
- Be replicable and possible to scale up

PROJECT OBJECTIVES

- Programs, campaigns, and services focusing on HIV
- These can include: HIV treatment and prevention education programs; HIV awareness campaigns; direct services for people living with HIV/AIDS; advocacy and communications outreach; workshops and conferences; and the core operations of AIDS Service Organizations across the country.
